***The One*
by Belle Ami**

**Dark Secrets, Obsessive Love, and Betrayal...
HOW WELL DO YOU REALLY KNOW THE ONE YOU LOVE?**

A razor edge mystery full of unquenchable love, deception and untruths, *The One*, the first book in the erotic suspense series by Belle Ami, proves that no one is quite who they seem.

Adelia Lindstrom, a rising star in the equestrian world, is still reeling from her parents' deaths in a tragic car accident when she meets green energy investment banker, Miles Breman, and his enigmatic twin sister, Karolin. With his insatiable lust, Miles ignites a whirlwind love affair with Adelia, and the two quickly find themselves entwined in a torrid romance that knows no bounds.

Little does Adelia know, but she has been carefully targeted to marry Miles and bear the child that his sister cannot have.

"She was chosen as 'the one' because of her uncanny resemblance to the emotionally and physically damaged Karolin," says Ami. "As a child, Karolin suffered multi-rapes by a family member. Her billionaire twin brother, Miles, is now spending his life trying to make up for the horrid tragedy."

Miles unexpectedly falls madly and obsessively in love with Adelia. Yet, even with their undeniable love for each other they cannot hold onto happiness. Unfortunately, Karolin has no limits and will go to great lengths to fulfill her desire for a child, even if it means destroying her brother, his marriage, or anything and anyone that gets in her way.

The One is full of twists and turns when Adelia life's turns into a tumultuous rollercoaster when she begins to encounter dark and disturbing untruths. Jealousy and revenge begin to unravel as Adelia and Miles are both withholding dark secrets which inevitably will destroy their trust in one another.

"Fans of romantic fiction will find *The One* irresistible as they follow Adelia's journey through suspenseful-and erotic- landscapes of love," adds Ami.

The One is the first of *The Only One* series. *The One and More*, the sequel to *The One*, will be released in the coming months.

Belle Ami is an accomplished pianist, world traveler, skier and gourmet cook. She lives in Calabasas, CA and is currently finishing *The Only One* series. She also has a self-published novel in another genre that was awarded Finalist for a major book reward.
